

HULT PRIZE

WHAT?

The Hult Prize is the world's largest social entrepreneurial platform for using business to solve global social problems. Every year, more than 2 million students from around the world participate in the competition to generate ideas to solve global issues. The best idea is awarded one million dollars (approximately 100 million yen) to accelerate its commercialization, and it has been dubbed the "Student Nobel Peace Prize".

Hult Prizeはビジネスで社会問題を解決するための、世界最大規模の学生社会起業家プラットフォームです。毎年世界から200万人以上の学生が参加し、グローバルな課題を解決するためのアイデアを創出しています。大会優勝者には百万ドル(約1億円)が賞金として与えられ、そのアイデアの事業化を促進していることから、「学生のノーベル平和賞」とも称せられています。
