

Manuscript Writing Workshop for Researchers and Students

by **SPRINGER NATURE**

- ◆ For ALL fields of research
- ◆ Online Workshop
- ◆ Free of charge

In *Nature Research Academies Manuscript Writing Workshop*, Nature's experienced and dedicated lecturer will guide you through the writing and publication strategy of your paper in an easy-to-understand manner. There will be Q&A sessions and practical exercises. We look forward to your participation!

Detail

A three-day online workshop from 5pm to 7pm each day

*It will be conducted in English. English subtitles (automatically generated) are available.

DAY1: October 23 (Mon) “Designing an Impactful Research” *New Topic

DAY2: October 25 (Wed) “Effective Academic Writing”

DAY3: October 27 (Fri) “Maximizing Discoverability”

Eligibility

Researchers and students (graduate students and undergraduate students) of Kyushu University who:

- will complete both of the two questionnaires (Nature and the University Office) distributed after the workshop
- Will be available to participate in all 3 webinars in principle.

*After each webinar, only attendees will receive a link to the archived video via email. In case you missed part of the webinars (e.g. you left/joined the webinar halfway), watch the archive later. Attendees can access the archive for 30 days after the workshop.

Capacity

250 people

*If the number of applications exceeds the capacity, priority will be given in this order:

1) researchers, 2) doctoral students, 3) master's students, and 4) undergraduate students

Registration

First, complete **pre-registration** form below by **September 29 (Fri)**.

You will be asked to **finalize your registration** around early October.

*All participants must be registered individually. Registration as a group is not allowed.

Feedback from Participants

“The presentation was fun and informative.”

“The instructor's explanations were so clear that I learned not only how to write a paper but also how to teach it to my students.”

Lecturer

Dr. Jeffrey Robens (Editorial Development Manager)

nature research
academies

Dr. Robens has strong scientific qualifications with 20 years of academic experience and numerous publications and awards. He received his PhD from the University of Pennsylvania and then worked at premier research institutes in Singapore and Japan. Since leaving academia in 2012, he has conducted over 400 days of academic training workshops worldwide to help researchers improve their publication quality and impact.
