

Manuscript Writing Workshop for Researchers by

SPRINGER NATURE (3 DAYS)

- ✓ Small Group
- ✓ Online
- ✓ Free of Charge

In Nature Masterclasses Manuscript Writing Workshop, current editors of Nature-related journals will guide you through strategies for writing and publishing your manuscript. Also, they will read your manuscript abstract and provide feedback. This workshop is intended for young to mid-career researchers who are aiming to publish in top journals. We look forward to your participation!

Main Focus of Workshop: Agriculture and Biology

Detail

Three-day online workshop from 4pm to 6:30pm each day

*It will be conducted in English. English subtitles (automatically generated) are available.

DAY1: December 4 (Mon) Webinar 1 “Focus on Writing and Publishing”

DAY2: December 5 (Tue) Abstract Review Session *10 minutes per person

DAY3: December 6 (Wed) Webinar 2 “Focus on Publishing”

Eligibility

University faculty members

(Professor, Associate Professor, Lecturer, Assistant Professor) who:

1. Are able to prepare an abstract of a manuscript (preferably unpublished)
2. Are able to attend all three days of the workshop
3. Will complete two surveys by Nature and the University Office after the workshop

Capacity

30 people

[Important Note] If the No. of applications exceeds the capacity, priority will be given in the following order:

(i) Applicants who have been awarded a KAKENHI* (B) or a competitive grant with an allocation of 5 million yen or more within the past five years as the PI of the project.

(ii) Applicants who have been awarded a competitive grant of less than 5 million yen in the past 5 years as the PI of the project.

(iii) Applicants other than (i) and (ii)

*Grants-in-Aid for Scientific Research

Within each of the (i), (ii), (iii) category, applicants of younger age will be prioritized.

Registration

complete the **pre-registration** form below by **November 7 at 5pm**.

You will be asked to **finalize your registration** at a later date.

<https://forms.office.com/r/HKmAyK8fLF>

After the pre-registration deadline, all applicants will be notified of the results of the selection via Email.

Please look out for the email by kekkesien@jimu.kyushu-u.ac.jp

Editor ① Walter Andriuzzi, Senior Editor, Nature Communications

After gaining a PhD in soil ecology from University College Dublin and Wageningen University, Walter investigated above-belowground interactions and soil biodiversity under climate change at Colorado State University. Walter handles manuscripts in ecology and conservation biology.

Editor ② Chris Surridge, Chief Editor, Nature Plants

After gaining a PhD in Biophysics from Imperial College, London studying the dynamics of microtubule assembly, Chris joined the editorial team at Nature where he has handled topics such as structural biology, neuroscience and systems biology. He became the Plant Sciences editor of Nature in 1999, and from 2009 to 2014, he was the Chief Editor of Nature Protocols.
