#### Background and Purpose

We are delighted to announce that the Robert T. Huang Entrepreneurship Center of Kyushu University (hereafter referred to as QREC) will host the “**3<sup>rd</sup> International Symposium on Entrepreneurship Education in Asia (3<sup>rd</sup> ISEE in Asia)**”. This annual symposium is part of QREC’s ongoing 7-year research initiative, which explores various aspects of entrepreneurship education, including pedagogical approaches and innovative teaching methodologies.

The 2025 symposium, to be held in Fukuoka, Japan, will be centered around the theme: “**Shaping the Future: Innovations, Emerging Trends, and Ethics in Entrepreneurship Education.**”

Our aim is to create a dynamic platform that brings together entrepreneurship **educators, researchers, and practitioners** from across the globe. The symposium will foster meaningful exchanges and collaborations, focusing on key challenges, forward-thinking solutions, and evolving trends in entrepreneurship education—particularly within the Asian context. Together, we will delve into cutting-edge practices and ethical considerations that are shaping the future of how entrepreneurship is taught and learned.
