Application Instructions (Autumn 2020)

The following instructions are for those applying for admission to the International Undergraduate Program in Engineering starting in October 2020. The International Undergraduate Program is a four-year bachelor program, in which all classes, with the exception of Japanese language classes, are taught in English.

1. Programs and October 2020 Intake

The School of Engineering offers four programs for admission, namely Electrical Engineering and Computer Science, Applied Chemistry, Civil Engineering, and Mechanical and Aerospace Engineering. Each program is associated with a different department as is shown below. Only a limited number of students will be admitted to each program.

Note that you can only apply for one undergraduate program for the admission October 2020.

School	Departments	Programs Offered for Admission
Engineering	Electrical Engineering and Computer Science	Electrical Engineering and Computer Science
	Materials Science and Engineering	Applied Chemistry
	Earth Resources, Marine and Civil Engineering	Civil Engineering
	Mechanical and Aerospace Engineering	Mechanical and Aerospace Engineering

2. Admission Policy

The School of Engineering aims to nurture talented people equipped with knowledge of basic sciences (including physics and chemistry), the theory and practice of engineering, and a capacity to appreciate and explain a broad range of issues. The School also strives to enable the students to cultivate their knowledge and sense of ethics, always bearing in mind the importance of the “sustainable development of human civilization.” Moreover, the School strives to foster professionals with a global perspective, and a sense of commitment to the improvement of industrial and scientific technologies.

To this end, the International Undergraduate Program invites applicants who:

- Have a deep interest in any of the following fields:
 - Electrical Engineering, Electronics, Communication Engineering, and Computer Science and Engineering (Electrical Engineering and Computer Science)
 - Materials Science and Engineering (Applied Chemistry)
 - Infrastructure design, construction and maintenance, urban planning, and environmental engineering (Civil Engineering)
 - Mechanical and Aerospace Engineering (Mechanical and Aerospace Engineering)
- Are highly motivated to achieve excellence in the aforementioned fields, and want to contribute to their home country and establish themselves in a global society through the systematic study of academic subjects that have been the cornerstones of Japan’s technological development.
- Have a strong sense of responsibility to contribute to the “sustainable development of human civilization” from a global perspective, and want to cultivate inter-culturally sensitive minds.

- Want to improve their foreign language proficiency, and their cross-cultural communication skills to establish themselves in today's global society.

Electrical Engineering and Computer Science

The Program of Electrical Engineering and Computer Science strives to nurture engineers who understand the principle of electrical engineering and computer science, and are able to link organically to utilize the obtained knowledge in practical applications. In the academic program, students learn basic core knowledge in a wide range of fields of electrical and electronic engineering, electronic and communication engineering, and computer engineering.

The Program of Electrical Engineering and Computer Science invites the applicants who:

- Have keen interests in international interactions and activities with global views.
- Are willing to fulfill their own potential and capabilities.
- Increase literacy as members of society, and fulfill leading roles in a wide range of fields of electrical and electronic engineering.
- Find pleasure in discovering and solving new problems appearing in engineering.
- Want to acquire specialized knowledge and skills in electrical engineering and computer science.
- Have acquired a solid knowledge of basic mathematics, physics, and chemistry.

Applied Chemistry

The Program of Applied Chemistry aspires to cultivate researchers and engineers that are capable of understanding molecular properties, controlling materials at the atomic and molecular levels and learning the ethics of their use. They should also be capable of the development of highly efficient, environmentally compatible materials, that ensure harmony with the environment, and contribute to the welfare of humankind.

The Program of Applied Chemistry invites applicants who:

- Can actively learn with self-motivation and self-initiative in order to obtain essential skills for deeper learning,
- Can find problems, set agendas for resolving them, and study by themselves to achieve their goals,
- Are well-educated and have a sense of ethics necessary for being engineers and researchers,
- Are willing to acquire language and communication skills required for success in today's globalized society.

Civil Engineering

The Program of Civil Engineering aims to foster professionals and researchers having problem solving skills with global and local perspectives and practical application of fundamental knowledge. Students cover a broad range of subject areas including design and construction of safe and reliable infrastructure, creation of comfortable and sustainable cities, solutions for environmental issues and technologies in disaster prevention and mitigation.

The Program of Civil Engineering invites applicants who:

- Have keen interest in infrastructure development, environment and disaster prevention for sustainable development,
- Understand fundamentals of mathematics, physics and chemistry,
- Have sufficient English proficiency and information literacy,
- Are motivated to study actively and make great effort to academic activities,
- Have communication skills and cooperative attitude for cross-cultural understanding.

Mechanical and Aerospace Engineering

The Program of Mechanical and Aerospace Engineering aims to nurture people with a potential to grow to become an engineer or researcher equipped with an advanced scientific knowledge regarding manufacturing technologies; so-called “Monodzukuri” in Japanese; applied to “Mechanical elements”, “ Mechanical systems” and “Aerospace components” etc. supporting civilization. Engineers and researchers in Mechanical and Aerospace Engineering also play a central role in various energy and environmental fields.

The Program of Mechanical and Aerospace Engineering invites applicants who:

- Have a knowledge and skills which are indispensable for “Monodzukuri” through fundamental learning at high school.
- Have an ability to see things from multiple points of view and communicative ability. The appropriate attitude to acquire the practical skills, creativity and internationality.
- Have an attitude to respect diversity and tolerance to empathize with different ideas.
- Have a motivation to improve themselves.

3. Eligibility

Applicants must meet the following two requirements (1 AND 2.1, 2.2, OR 2.3):

1. Have a nationality other than Japanese.
2. Meet any of the following three conditions:
 - 2.1. Completed or expected to complete 12 years of schooling outside Japan by September 30, 2020^(*1) (or equivalent, as recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology).^(*2)
 - 2.2. Those who have the International Baccalaureate Diploma/Certificate, the German Abitur, the French Baccalaureate, or General Certificate of Education Advanced Level^(*3) or who have completed a course at an international school that is recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology, and offers its curriculum in Japan, or who are expected to meet any of these conditions by September 30, 2020.
 - 2.3. Aged 18 or over as of September 30, 2020 who are recognized, by the University's *ad hoc* pre-qualification screening, as having an academic level equivalent to or superior to those who have completed 12 years of schooling.^(*4)

*1: You are eligible to apply if you completed your school education outside Japan in less than standard number of years, due to grade skipping and/or early graduation, but the standard duration of schooling as legally stipulated in your country is 12 years or longer. Please direct any inquiries to the Admission Division of the Student Affairs Department at Kyushu University.

*2: Those recognized as having completed or being expected to complete a course equivalent to 12 years of schooling by the Japanese Minister of Education, Culture, Sports, Science and Technology are the following:

- (1) Those aged 18 or over as of September 30, 2020 who have passed a qualification test to determine whether they have academic ability equivalent, or superior, to those who have completed a 12-year school education course in a foreign country or region.
- (2) Those 2020 who have received education in a country or region where its elementary and secondary education is completed in less than 12 years, and also have completed or are expected to complete a Japanese preparatory course recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology by September 30, 2020.
- (3) Those who have completed or are expected to complete a course that is recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology at an educational institute outside Japan which is equivalent to a high school by September 30, 2020. (Only applies to those who have completed an 11 or more years of school education course in his/her residing country and meet the requirements set by the Japanese Minister of Education, Culture, Sports, Science and Technology.)
- (4) Those who have completed or are expected to complete a course at an international school or a foreign educational institute by September 30, 2020, that offers its curriculum in Japan and that is recognized as an equivalent to a high school of the foreign country or region under their educational system by the Japanese Minister of Education, Culture, Sports, Science and Technology.

*3: For details including the subjects and the grades, please contact the Admission Division of the Student Affairs Department at Kyushu University.

*4: For details, see page 18 "Ad Hoc Pre-qualification Screening."

4. Application Procedure

4.1. Application Period

You can only apply for one undergraduate program for the admission October 2020.

Application Period	January 6 – January 21, 2020, 5:00 p.m. (Japan time)
--------------------	--

Please visit the following page to access Kyushu University online application system to take the first step for application.

<http://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>

After completing the online application registration as well as the Application Form (downloaded from our website), send the Application Form along with other necessary documents. The application documents **must be received** by the Admission Division of the Student Affairs Department at Kyushu University by 5:00 p.m. on January 21, 2020. Please allow enough time for delivery. No application received outside this period will be considered under any circumstances.

4.2. Application Fee

Applicants	Those who have a foreign nationality only	Those who have Japanese nationality
Application Fee	10,000 yen	17,000 yen
Payment Period	January 6 – January 21, 2020, 5:00 p.m. (Japan time)	

* “Those who have Japanese nationality” indicates the person who has dual nationality including Japanese nationality.

The application fee must be paid after registering your application online by credit card, at a convenience store (only in Japan), through ATM (only in Japan), through internet banking (only in Japan) or a telegraphic transfer. All necessary fees to make the payment must be borne by the remitter. Applications will not be accepted until the proof of payment has been received. Please make sure to complete the payment before posting the application documents.

Payment by Telegraphic Transfer

- All necessary expenses for the telegraphic transfer (commissions and shortages in transferred amount due to fluctuations in exchange rate, etc.) shall be borne by the remitter. Please make sure to pay the exact amount including all necessary fees.
- If you use a payment slip, write “Application Fee” in the space for Purpose of Remittance, as well as your name, nationality, and “TE” (i.e., the alphabetic code for the School of Engineering) in the space for Message to Payee.

Note: In case you do not send your application documents or your application is not accepted for any reason after you have paid your application fee, the full application fee will be refunded upon your request. For those who have Japanese nationality, if you fail to pass the preliminary screening, 13,000 yen will be refunded upon your request.

4.3. Application Documents

All application forms and documents should be completed in English. **If the documents are in a language other than English or Japanese, a Japanese or English translation must be attached. The translation must be certified by the Japanese Embassy or an education institute such as your high school.**

If you submit the originals of your certificates or transcripts that cannot be reissued, we will return them to you after the screening upon your request. Please attach a note to your application specifying the documents to be returned.

We recommend that you submit certified true copies issued by the school you attend or a notary office. You might be required to submit the original documents when necessary.

No uncertified photo copies will be accepted.(Except your passport)

4.4. Send Application Form and Documents via Registered Mail

Send all the necessary application documents listed in the table of “Required Documents” to the mailing address below via a registered courier service such as DHL, FedEx, OCS or EMS to reach us by January 21, 2020. Note that this deadline also applies in the case that you arrange for your test score to be sent directly to Kyushu University from the testing institute. If your results reach us before the application period opens, we will keep them here and add them to your application documents.

- If any of the application documents are insufficient, the application will not be accepted.
- Once we accept your application, you can no longer change the program applied for under any circumstances.
- Once submitted, the application documents will not be returned.
- Do not staple any application documents when mailing them.

4.5. English Proficiency Test Scores or other Proof

All applicants are required to submit TOEFL, IELTS or Proof of a period in which study was conducted in English

- TOEFL (Test of English as a Foreign Language)
 - Please make sure to take the test and arrange for your score to be sent directly to Kyushu University before the application period begins, and input your TOEFL Registration Number when completing Kyushu University's on-line application.
 - The minimum score requirement for application is as follows: TOEFL iBT 80. For detailed information on TOEFL, visit the test's official website at <http://www.ets.org/toefl>
- IELTS (International English Language Testing System)
 - If you input your IELTS Test Report Form (TRF) Number when completing Kyushu University's on-line application, you are not required to submit the official score report.
 - The minimum overall band requirement for application is as follows: 6.5
 - For detailed information on IELTS, visit the test's official website at <https://www.ielts.org/>
- Proof of a period in which study was conducted in English
 - You will be exempted from submitting a score report of TOEFL/IELTS if you (will) have had education in English for 4 years or longer during your secondary education. In this case, please submit an official document which proves the above.
 - You may use the format available for download on our website.
 - The application will be withdrawn if the submitted document is found to be insufficient due to lack of information, or if the stated period of education in English is shorter than 4 years.

4.6. Score Report of Standardized Tests

Applicants for Electrical Engineering and Computer Science Program, Applied Chemistry Program, and Civil Engineering Program, submit score report(s) of EJU, SAT Subject Tests, GCE A Level, and/or International Baccalaureate (IB) Diploma. Mechanical and Aerospace Engineering applicants, submit score report(s) of EJU and/or SAT Subject Tests.

- EJU (Examination for Japanese University Admission for International Students)
 - Both English and Japanese are acceptable as the language of examination.
 - For details of the Examination, visit the website of the Japan Student Services Organization at <https://www.jasso.go.jp/en/>

- SAT Subject Test
 - Direct score delivery from the College Board to Kyushu University could take up to one month. It is advisable to order your score report by early December 2019.
 - For further information about SAT, visit the website of the College Board at <https://collegereadiness.collegeboard.org/sat>

- GCE A Level (General Certificate of Education Advanced Level)
 - No additional document is required if you submit your complete transcripts for “4.3. Application Documents - 4 (C).”

- International Baccalaureate (IB) Diploma,
 - No additional document is required if you submit your complete IB transcript and your IB diploma for “4.3. Application Documents - 4 (C).”
 - If you do not yet have your final IB grades, submit the original of the complete predicted grades report with an official seal of your school. Please note that once you are admitted, you will be asked to submit the originals of your IB diploma and final assessment scores. Your admission may be rescinded if you fail to submit your IB diploma or your final grades differ significantly from the predicted grades submitted with application.

5. Screening Process

The University's evaluation process consists of two screenings – preliminary and secondary.

5.1. Preliminary Screening

The preliminary screening is done based on a comprehensive evaluation of the submitted documents.

The application ID numbers of the preliminary screening qualifiers will be posted at <http://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>.

【Application ID number】

You can check your application ID number by your on-line registration number in the same page any time after February 14.

Announcement Date	February 14, 2020, 11:00 a.m. (Japan time)
-------------------	--

5.2. Secondary Screening

The applicants who have successfully passed the preliminary screening will proceed to the secondary screening, which consists of a comprehensive evaluation of submitted documents and an interview. Academic questions related to the program for which the applicant has applied, will be asked during the interview.

The secondary screening is scheduled to be held as follows. Please note that the venues are subject to change. Tentative schedule will be announced on our website before the application period begins.

<http://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>

Period for the Secondary Screening	Cities, Countries
Late February to Early March 2020	Beijing, China
	Hanoi, Vietnam
	Bangkok, Thailand
	Jakarta, Indonesia
	Seoul, South Korea
	Cairo, Egypt
	Taipei, Taiwan
	Manila, Philippines
Fukuoka, Japan	

Please note that the University will not be able to assist you with obtaining a visa and so on in order to attend the secondary screening.

6. Applicants with Disabilities

The University provides consultation for applicants with disabilities who may require special arrangements during the secondary screening or in classes after enrollment. Please contact the Admission Division prior to the application process as soon as possible as it sometimes takes extra time to decide on the arrangements depending on the situation. (Consultation Deadline: December 13, 2019)

Admission Division: nyu-inquiry@jimu.kyushu-u.ac.jp

7. Admission Decision Announcement

The application ID numbers of successful applicants and also the waitlisted applicants will be posted on the announcement date below at <http://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>. The result notification will also be mailed on the same day to all successful applicants.

Announcement Date	March 26, 2020, 11:00 a.m. (Japan time)
-------------------	---

8. Enrollment Procedure

Information regarding enrollment will be sent to all successful applicants.

The enrollment fee must be paid during the payment period. Submit the receipt of the payment to make your enrollment official by the enrollment procedure deadline shown below. In case you do not complete the enrollment procedure by the deadline, you will be regarded as withdrawing from admission.

Enrollment Fee	282,000 Yen
Payment Period	March 30 - April 17, 2020, 11:00 p.m. (Japan time)
Enrollment Procedure Deadline	April 17, 2020

Notes:

- The enrollment fee will not be refunded under any circumstances.
- The amount of the enrollment fee is subject to change. Details will be provided with the admission announcement.
- We have an enrollment fee payment deferment system. If you have difficulties paying it during the above period, please contact us.

9. Financial Aid and Other Benefits

Note: The terms of the scholarship and other aids are subject to change without prior notice.

9.1. Exemption of Half the Tuition

You are entitled to receive an exemption of half the tuition for the first year (two semesters) if you hold a foreign nationality only and meet ALL of the following three conditions:

1. You have acquired a qualification to apply for Kyushu University outside Japan.
2. You reside outside Japan at the time of application.
3. You will obtain a new student visa and enter Japan to study at Kyushu University.

Unit (Japanese Yen)

Tuition	Original Amount	After Exemption
1st year (per semester)	267,900	133,950
2nd year on (per semester)	267,900	Students may apply for tuition fee exemption*.

* Kyushu University has a support system for exemption of the whole, half, or quarter of tuition fee. Students can apply for tuition fee exemption each semester after enrollment.

9.2. JAPANESE GOVERNMENT (MEXT) SCHOLARSHIP

- (a) Eligibility: A few successful applicants with outstanding screening results are eligible to apply.
- (b) Duration, amount of monthly allowance and other benefits:
- Four years with 119,000 yen per month
 - Exemption of the enrollment fee and the tuition fee (for four years)
 - Airline tickets are provided for you to come to Japan for enrollment and to go back to your country after graduation.
- (c) Kyushu University will select a few out of all successful applicants and recommend them to the MEXT after contacting them individually.

MEXT Scholarship will be granted to a few successful applicants. For details, please refer to the following page.

http://www.mext.go.jp/component/a_menu/education/detail/_icsFiles/afieldfile/2017/04/21/1384516_02.pdf

9.3. Kyushu University International Undergraduate Scholarship

Up to ten successful applicants in our undergraduate programs for the October admission (excluding MEXT Scholarship recipients) may receive this scholarship. From the second year on, a maximum of ten students with a GPA of 3.0 or higher from the previous year will receive this scholarship.

(a) Eligibility: You may apply if you hold a foreign nationality only and meet ALL of the following three conditions:

1. You have acquired a qualification to apply for Kyushu University outside Japan.
2. You reside outside Japan at the time of application.
3. You will obtain a new student visa and enter Japan to study at Kyushu University.

(b) Amount of monthly allowance: 60,000 yen per month

(c) How to apply: You can apply by filling out the section for scholarship application in the application form.

9.4. Dormitory

All successful applicants will be guaranteed a room in a university dormitory for one year. The students themselves will be responsible for the rent (around 20,000 yen per month).

10. Tuition Fees

Payment of tuition fee should be made by bank transfer from your bank account after admission to Kyushu University. The payments of tuition for Autumn and Spring Semesters are to be made in late October and late April, respectively. Payments have to be made by the deadline set by the University.

【Payment for the First Year】

With the exemption of half the tuition:

Unit (Japanese Yen)

Fees	Original Amount	Amount After Exemption
