Target: Kyushu University Faculty
(Especially young, female researchers, and students are welcome)
Maximum: 20 persons
Language: English

** The Networking Platform for Co-creating Research (ENCORe) is an interactive platform for foreign and Japanese researchers for exchanging research ideas and information at a regular basis.*

【Main Program】

- I. Presentation 1 “Living in the Age of Coronavirus”
Dr. Stephen Lyman,
Lecturer, School of Medicine
- Presentation 2 “How to empower risk management”
in the COVID-19 Era”
Dr. Megumi Sugimoto,
Associate Professor, Office for the Promotion of Gender Equality

II. Q&A and Discussion

◆Funding Information

(Research Development Meetings by Young Scientists, QR Program)

■Presentation

Dr. Stephen Lyman,
(Lecturer, School of Medicine)

Dr. Lyman is engaged in medical education of graduate medical students at Kyushu University, leading the International Medicine and Specialized English Courses. His is also active in orthopedic outcomes research. He is Associate Scientist at Hospital for Special Surgery and Associate Professor at Weill Medical College of Cornell University.

Dr. Megumi Sugimoto,
(Associate Professor, Office for the Promotion of Gender Equality)

Dr. Sugimoto specializes in education for disaster prevention and disaster risk management. She joined Kyushu University in 2014 and currently serves as an associate professor of Office for Gender Equality of the University. She was engaged in Sumatra Tsunami reconstruction and disaster prevention programs as a staff member of Embassy of Japan in Indonesia. She also conducted her research in Earthquake Research Institute the University of Tokyo.

Recent world-wide outbreak of Covid-19 was a historical milestone for the world. The interdisciplinary networking seminar will aim at providing an opportunity for collaboration among researchers who have innovative ideas and solutions for post-Covid-19 era. The expected outcome of this event is future collaborative and interdisciplinary research partnerships among participants.
