2. Internship searching methods

You can search for internship information in the following ways.

I Search by Kyushu University Job and Career Support System

Target internship: Mainly internships held by private corporations

II Search by Kyushu University Website

Target internship: Internships you sign up via university

- Internship in ministries, not in ministries
- Kyushu Internship Promotion Association internship
- Japan Association of Corporate Executives internship
- Research based internship

Internships you sign up by yourself

- Internship for people with disabilities

3. Search by Kyushu University Job and Career Support System

There are two ways to search for internships.

① Click on “検索 (Search)” on Kyushu University Job and Career Support System top page.

There, you can search based on popular conditions.

***We only upload internships whose period is longer than one week in principle.**

3. Search by Kyushu University Job and Career Support System

There are two ways to search for internships.

②Click on “インターンシップを探す (Search for internships) ” on Kyushu University Job and Career Support System top page.

Advanced search is available there. You can add more conditions such as “industry category”, “job category”, “internship period” besides conditions available in ①.

If you want to search for internship quickly and easily, go for ①

If you want advanced search with many conditions, go for ②

It’s convenient if you choose either of two methods based on your needs.

***We only upload internships whose period is longer than one week in principle.**

4. Search by Kyushu University Website

We post the following five kinds of internship on Kyushu University Website. Refer to the following information for their features.

- Internship in ministries, not in ministries
Internships in central government ministries such as Ministry of Education, Culture, Sports, Science and Technology, Ministry of Economy, Trade and Industry, etc. or internships in private corporation which you must sign up via university.
- Kyushu Internship Promotion Association internship
You can participate internships in around 400 organizations such as companies who are members of Kyushu Internship Promotion Association and municipalities.
- Japan Association of Corporate Executives internship
Internships cooperated with Japan Association of Corporate Executives, whose targets are Freshman and Sophomore students (You may get credit).
- Research based internship
Medium- and long-term internship targeting science master students.
- Internships targeting people with disabilities (sign up by themselves)
Internship for people with disabilities
