Engineering

Application Instructions (October 2023)

The following instructions are for those applying for admission to the International Undergraduate Program in Engineering starting in October 2023. The International Undergraduate Program is a four-year bachelor program, in which all classes, with the exception of Japanese language classes, are taught in English.

1. Programs and October 2023 Intake

The School of Engineering offers four programs for admission, namely Electrical Engineering and Computer Science, Applied Chemistry, Civil Engineering, and Mechanical and Aerospace Engineering. Each program is associated with a different department as is shown below. Only a limited number of students will be admitted to each program.

Note that you can only apply for one undergraduate program for the admission October 2023.

School	Departments	Programs Offered for Admission
Engineering	Electrical Engineering and Computer Science	Electrical Engineering and Computer Science
	Applied Chemistry Engineering	Applied Chemistry
	Civil Engineering	Civil Engineering
	Mechanical Engineering	Mechanical and Aerospace Engineering
	Aerospace Engineering	

2. Admission Policy

The School of Engineering aims to nurture talented people equipped with knowledge of basic sciences (including physics and chemistry), the theory and practice of engineering, and a capacity to appreciate and explain a broad range of issues. The School also strives to enable the students to cultivate their knowledge and sense of ethics, always bearing in mind the importance of the “sustainable development of human civilization.” Moreover, the School strives to foster professionals with a global perspective, and a sense of commitment to the improvement of industrial and scientific technologies.

To this end, the International Undergraduate Program invites applicants who:

- Have a deep interest in any of the following fields:
 - Electrical Engineering, Electronics, Communication Engineering, and Computer Science and Engineering (Electrical Engineering and Computer Science)
 - Materials Science and Engineering (Applied Chemistry)
 - Infrastructure Design, Construction and Maintenance, Urban Planning, and Environmental Engineering (Civil Engineering)
 - Mechanical and Aerospace Engineering (Mechanical and Aerospace Engineering)
- Are highly motivated to achieve excellence in the aforementioned fields, and want to contribute to their home country and establish themselves in a global society through the systematic study of academic subjects that have been the cornerstones of Japan’s technological development.
- Have a strong sense of responsibility to contribute to the “sustainable development of human civilization” from a global perspective, and want to cultivate inter-culturally sensitive minds.

- Want to improve their foreign language proficiency, and their cross-cultural communication skills to establish themselves in today's global society.

Electrical Engineering and Computer Science

The Program of Electrical Engineering and Computer Science strives to nurture engineers who understand the principle of electrical engineering and computer science, and are able to link organically to utilize the obtained knowledge in practical applications. In the academic program, students learn basic core knowledge in a wide range of fields of electrical and electronic engineering, electronic and communication engineering, and computer engineering.

The Program of Electrical Engineering and Computer Science invites the applicants who:

- Have keen interests in international interactions and activities with global views.
- Are willing to fulfill their own potential and capabilities.
- Increase literacy as members of society, and fulfill leading roles in a wide range of fields of electrical and electronic engineering.
- Find pleasure in discovering and solving new problems appearing in engineering.
- Want to acquire specialized knowledge and skills in electrical engineering and computer science.
- Have acquired a solid knowledge of basic mathematics, physics, and chemistry.

Applied Chemistry

The Program of Applied Chemistry aspires to cultivate researchers and engineers that are capable of understanding molecular properties, controlling materials at the atomic and molecular levels and learning the ethics of their use. They should also be capable of the development of highly efficient, environmentally compatible materials, that ensure harmony with the environment, and contribute to the welfare of humankind.

The Program of Applied Chemistry invites applicants who:

- Can actively learn with self-motivation and self-initiative in order to obtain essential skills for deeper learning,
- Can find problems, set agendas for resolving them, and study by themselves to achieve their goals,
- Are well-educated and have a sense of ethics necessary for being engineers and researchers,
- Are willing to acquire language and communication skills required for success in today's globalized society.

Civil Engineering

The Program of Civil Engineering aims to foster professionals and researchers having problem solving skills with global and local perspectives and practical application of fundamental knowledge. Students cover a broad range of subject areas including design and construction of safe and reliable infrastructure, creation of comfortable and sustainable cities, solutions for environmental issues and technologies in disaster prevention and mitigation.

The Program of Civil Engineering invites applicants who:

- Have keen interest in infrastructure development, environment and disaster prevention for sustainable development,
- Understand fundamentals of mathematics, physics and chemistry,
- Have sufficient English proficiency and information literacy,
- Are motivated to study actively and make great effort to academic activities,
- Have communication skills and cooperative attitude for cross-cultural understanding.

Mechanical and Aerospace Engineering

The Program of Mechanical and Aerospace Engineering aims to nurture people with a potential to grow to become an engineer or researcher equipped with an advanced scientific knowledge regarding manufacturing technologies; so-called “Monozukuri” in Japanese; applied to “Mechanical elements”, “Mechanical systems” and “Aerospace components” etc. supporting civilization. Engineers and researchers in Mechanical and Aerospace Engineering also play a central role in various energy and environmental fields.

The Program of Mechanical and Aerospace Engineering invites applicants who:

- Have a knowledge and skills which are indispensable for “Monozukuri” through fundamental learning at high school.
- Have an ability to see things from multiple points of view and communicative ability. The appropriate attitude to acquire the practical skills, creativity and internationality.
- Have an attitude to respect diversity and tolerance to empathize with different ideas.
- Have a motivation to improve themselves.

3. Eligibility

Applicants must meet the following two requirements (1 AND 2.1, 2.2, OR 2.3):

1. Have a nationality other than Japanese.
2. Meet any of the following three conditions:
 - 2.1. Completed or expected to complete 12 years of schooling outside Japan by September 30, 2023^{(*)1} (or equivalent, as recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology).^{(*)2}
 - 2.2. Those who have the International Baccalaureate Diploma/Certificate, the German Abitur, the French Baccalaureate, or General Certificate of Education Advanced Level^{(*)3} or who have completed a course at an international school that is recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology, and offers its curriculum in Japan, or who are expected to meet any of these conditions by September 30, 2023.
 - 2.3. Aged 18 or over as of September 30, 2023 who are recognized, by the University's *ad hoc* pre-qualification screening, as having an academic level equivalent to or superior to those who have completed 12 years of schooling.^{(*)4}

*1: You are eligible to apply if you completed your school education outside Japan in less than standard number of years, due to grade skipping and/or early graduation, but the standard duration of schooling as legally stipulated in your country is 12 years or longer. Please direct any inquiries to the Admission Division of the Student Affairs Department at Kyushu University.

*2: Those recognized as having completed or being expected to complete a course equivalent to 12 years of schooling by the Japanese Minister of Education, Culture, Sports, Science and Technology are the following:

- (1) Those aged 18 or over as of September 30, 2023 who have passed a qualification test to determine whether they have academic ability equivalent, or superior, to those who have completed a 12-year school education course in a foreign country or region.
- (2) Those who have received education in a country or region where its elementary and secondary education is completed in less than 12 years, and also have completed or are expected to complete a Japanese preparatory course recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology by September 30, 2023.
- (3) Those who have completed or are expected to complete a course that is recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology at an educational institute outside Japan which is equivalent to a high school by September 30, 2023. (Only applies to those who have completed an 11** or more years of school education course in his/her residing country and meet the requirements set by the Japanese Minister of Education, Culture, Sports, Science and Technology.)
- (4) Those who have completed or are expected to complete a course at an international school or a foreign educational institute by September 30, 2023 that offers its curriculum in Japan and that is recognized as an equivalent to a high school of the foreign country or region under their educational system by the Japanese Minister of Education, Culture, Sports, Science and Technology.

*3: For details including the subjects and the grades, please contact the Admission Division of the Student Affairs Department at Kyushu University.

*4: For details, see page 19 "Ad Hoc Pre-qualification Screening."

All applicants must take a standardized test we designate on the application instruction. Refer to 4.6. No application is accepted without the score report of a standardized test.

If you are unable to submit a test score certificate showing the subjects taken and scores by the submission deadline, we will be unable to accept your application.

4. Application Procedure

4.1. Application Period

You can only apply for one undergraduate program in Kyushu University for the admission October 2023.

It indicates that you are NOT able to apply to other International Undergraduate Program., 'Interdisciplinary Science and Innovation' / 'Bioresource and Bioenvironment') in case of choosing Engineering.

Application Period	January 4– January 17, 2023, 5:00 p.m. (Japan time)
--------------------	---

Please visit the following page to access Kyushu University online application system to take the first step for application.

<https://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>

You can access online application system from December 26, 2022, 10:00 a.m. (Japan time)

After completing the online application registration as well as the Application Form (downloaded from our website), send the Application Form along with other necessary documents. The application documents **must be received** by the Admission Division of the Student Affairs Department at Kyushu University by 5:00 p.m. on January 17, 2023. Please allow enough time for delivery. No application received outside this period will be considered under any circumstances.

4.2. Application Fee

Applicants	Those who have a foreign nationality only	Those who have Japanese nationality*
Application Fee	10,000 yen	17,000 yen
Payment Period	December 26 – January 10, 2023, 5:00 p.m. (Japan time)	

* "Those who have Japanese nationality" indicates the person who has dual nationality including Japanese nationality.

The application fee must be paid after registering your application online by credit card, at a convenience store (only in Japan), through ATM (only in Japan), through internet banking (only in Japan) or a bank transfer. All necessary fees to make the payment must be borne by the remitter. Applications will not be accepted until the proof of payment has been received. Please make sure to complete the payment before posting the application documents.

Payment by Bank Transfer

Any costs required for bank remittances (fees, shortfalls in the remittance amount due to exchange rate fluctuations, etc.) are the responsibility of the remitter.

Since fees for remittance vary from bank to bank, please check with your bank for the amount including necessary fees.

When using the payment slip, please write "Application Fee" in the "Purpose of Remittance" column and your name, nationality, and the alphabet code of your department, "TE" in the "Recipient" column.

Bank	Sumitomo Mitsui Banking Corporation
Branch	Fukuoka Branch
Account Type	Savings Account
Account Number	7119240
Account Holder	Kyushu University

Note: Once your application is accepted, the application fee will not be refunded. In case you do not send your application documents or your application is not accepted for any reason after you have paid your application fee, the full application fee will be refunded upon your request. For those who have Japanese nationality, if you fail to pass the preliminary screening, 13,000 yen will be refunded upon your request. If you have foreign nationality only, you are not qualified to be refunded when failing to pass the preliminary screening.

4.3. Application Documents

All application forms and documents should be completed in English. **If the documents are in a language other than English or Japanese, a Japanese or English translation must be attached. The translation must be certified by the Japanese Embassy or an education institute such as your high school.**

We recommend that you submit certified true copies issued by the school you attend or a notary office. You might be required to submit the original documents when necessary. Application materials that have been received will not be returned for any reason. If you have only one copy and for some reason cannot submit the original one, submit a certified true copy verified by the school principal/head of the institution or a notary office.

No uncertified photo copies will be accepted. (Except your passport)

In case you send some documents separately, such as test scores or certificates from your school, check applicable items or fill out a name of documents on the last page of your application form.

Fill out a registration number you acquired through online application system on the upper right of all your application documents. (e.g. TG●●●●) If your school sends some documents directly to us, be sure to inform your registration number and have them fill it out on the envelope.

4.4. Send Application Form and Documents via Registered Mail

Send all the necessary application documents listed on the table of “Required Documents” to the mailing address below via a registered courier service such as DHL, FedEx, OCS or EMS to reach us by 17:00 January 17, 2023. Note that this deadline also applies in case that you arrange for your test score to be sent directly to Kyushu University from the testing institute. If your results reach us before the application period opens, we will keep them here and add them to your application documents.

- If any of the application documents are insufficient, the application will not be accepted.
- Once we accept your application, you can no longer change the program applied for under any circumstances.
- Do not staple any application documents when mailing them.

Note: Due to the coronavirus pandemic, your application documents may not be delivered to us by post. In case that we cannot receive your documents after your application through the internet, we may ask you to submit them via E-mail. For this reason, please be sure to make a photocopy of all the documents before posting them. In principle, as application documents will not be accepted after the deadline, please mail them in time to meet the due date and keep track of them by yourself.

If you have any inquires after completing online registration, please email us with the following items.

- Subject: Inquiries regarding October 2023 admission
- Your registration number (TG ●●●●●), and your full name

4.5. English Proficiency Test Scores or other Proof

All applicants are required to submit TOEFL, IELTS or Proof of a period in which study was conducted in English.

- TOEFL (Test of English as a Foreign Language)
 - Please make sure to take the test and arrange for your score to be sent directly to Kyushu University at least one week before the application period begins, and input your TOEFL Appointment Number when completing Kyushu University's on-line application.
 - The minimum score requirement for application is as follows:
TOEFL iBT 80. For detailed information on TOEFL, visit the test's official website at <https://www.ets.org/toefl>

- IELTS (International English Language Testing System)
 - If you input your IELTS Test Report Form (TRF) Number when completing Kyushu University's on-line application, you are not required to submit the official score report.
 - The minimum overall band requirement for application is as follows:
6.5
 - For detailed information on IELTS, visit the test's official website at <https://www.ielts.org/>

- Proof of a period in which study was conducted in English
 - You will be exempted from submitting a score report of TOEFL/IELTS if you (will) have had education in English for 4 years or longer during your secondary education. In this case, please submit an official document which proves the above.
 - You may use the format available for download on our website.
 - The application will be withdrawn if the submitted document is found to be insufficient due to lack of information, or if the stated period of education in English is shorter than 4 years.

4.6. Score Report of Standardized Tests

All applicants are required to submit one of the standardized test official scores as specified by the program they are applying to.

Program	Examination	Required Subjects	Minimum Requirement
Electrical Engineering and Computer Science	EJU	Mathematics (Course2) and Physics	Both minimum scores must be above average
	SAT Reasoning Test	Mathematics	710
	SAT Subject Test	Mathematics (Level2) and Physics	Total score of Mathematics Level 2 and Physics is 1350
	ACT(with/without writing)	Mathematics	31
	GCE A level / IAL	Mathematics and Physics	Combination of Mathematics and Physics is B-C/C-B

Mechanical and Aerospace Engineering	EJU	Mathematics (Course2)	Minimum score must be above average
	SAT Reasoning Test	Mathematics	740
	SAT Subject Test	Mathematics (Level2)	750
	ACT(with/without writing)	Mathematics	33
	GCE A level / IAL	Mathematics	B
	Cambridge Pre-U	Mathematics	M2

- EJU (Examination for Japanese University Admission for International Students)
 - Both English and Japanese are acceptable as the language of examination.
 - Score reports taken before June 2021 will not be accepted.
 - Submit an official score report (notification/copy) or a Score Confirmation Report.
 - For details of the examination, visit the website of the Japan Student Services Organization at <https://www.jasso.go.jp/en/>

- SAT Reasoning Test, Subject Test
 - It may take one month for the College Board to deliver score directly to us. It is advisable to order your score report by early December 2022. Please also attach a photocopy of your scores with a note that you have already ordered direct score delivery.
 - The College Board Code for Kyushu University:3135
 - For further information about SAT, visit the website of the College Board at <https://collegereadiness.collegeboard.org/sat>
 - The Old SAT (taken before March 2016 session) is not accepted.
 - **SAT Subject Test is acceptable only for Admission 2023. We will NOT accept it for Admission 2024.**

- ACT
 - The College Code for Kyushu University: 2943 Please order direct delivery of your score online.
 - For details of the examination, visit the website of the ACT at <https://www.act.org/>

- GCE A Level (General Certificate of Education Advanced Level) / IAL (International Advanced Levels)
 - No additional document is required if you submit your complete transcripts for “4.3. Application Documents.”
 - If you do not yet have your final score report, you can submit predicted grades with your school official seal. After passing exams, please submit official final grades through E-mail by September 30, 2023. Your admission may be rescinded if your final grades differ significantly from the predicted grades submitted with application.

- Further Mathematics is highly recommended.
- For details of the IAL examination, visit the website of the Pearson at <https://qualifications.pearson.com/en/home.html>
* Applied Chemistry does NOT accept IAL.
- Cambridge Pre-U
 - For details of the examination, visit the website of the Cambridge Assessment International Education at <https://www.cambridgeinternational.org/>
- AP (Advanced Placement) (*Not including Mechanical and Aerospace Engineering)
 - The College Board Code for Kyushu University:3135
 - Submit official scores from the College Board. Please order direct delivery of your score and also attach a photocopy of your scores with a note that you have already requested it.
 - For details of the examination, visit the website of the College Board at <https://apstudents.collegeboard.org/>
- International Baccalaureate (IB) Diploma (*Not including Mechanical and Aerospace Engineering)
 - No additional document is required if you submit your complete IB transcript and your IB diploma for “4.3. Application Documents.”
 - If you do not yet have your final IB grades, submit the original of the complete predicted grades report with an official seal of your school. Please note that once you are admitted, you will be asked to submit the originals of your IB diploma and final assessment scores. Your admission may be rescinded if you fail to submit your IB diploma or your final grades differ significantly from the predicted grades submitted with application.

5. Screening Process

The University’s evaluation process consists of two screenings – preliminary and secondary.

5.1. Preliminary Screening

The preliminary screening is done based on a comprehensive evaluation of the submitted documents. The result of the first screening qualifiers will be posted at the following URL with Application ID Number, not your registration number.

<https://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>.

【Application ID number】

Before confirming the result, please check your application ID number through online application system with your on-line registration number, security code, and date of birth after February 1.

5.2. Secondary Screening

The applicants who have successfully passed the preliminary screening will proceed to the secondary

screening, which consists of a comprehensive evaluation of submitted documents and an interview. Academic questions related to the program for which the applicant has applied, will be asked during the interview.

The interview will be conducted through online using Zoom meeting system. Tentative schedule for the interview is as follows. More details will be provided to the applicants who have passed the preliminary screening by E-mail.

Tentative schedule for the interview: One of the days between February 24, 2023 and March 4, 2023.

*The following are some examples of actions that applicants should not do during the interview. If you have committed such an act, you will be ordered to stop the examination on the spot and will not be allowed to take any further examinations. All grades you have taken on this exam will be invalidated. In this case, the application fee already paid will not be refunded.

- Wrongdoing such as using a phony test-taker or other form of cheating.
- Revealing the contents of the screening to anyone, such as by posts on the internet, SNS etc.
- Recording of the interview by the examinee or other party.

In addition, if any misconduct is discovered after you have passed the examination, your admission will be cancelled. In such cases, the application fee, enrollment fee, and tuition fee will not be refunded. If it is determined that the misconduct seriously interfered with the operation of our admissions, we may file a damage report with the police.

6. Applicants with Disabilities

The University provides consultation for applicants with disabilities who may require special arrangements during the secondary screening or in classes after enrollment. Please contact the Admission Division prior to the application process as soon as possible as it sometimes takes extra time to decide on the arrangements depending on the situation. (Consultation Deadline: December 14, 2022)

Admission Division: nyu-inquiry@jimu.kyushu-u.ac.jp

7. Admission Decision Announcement

The application ID numbers of successful applicants and also the waitlisted applicants will be posted on the announcement date below at <https://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>.
