## Application Instructions (October 2027)

The following instructions are for those applying for admission to the International Undergraduate Program in Engineering starting in October 2027. The International Undergraduate Program is a four-year bachelor program, in which all classes, with the exception of Japanese language classes, are taught in English.

### 1. Programs and October 2027 Intake

The School of Engineering offers four programs for admission, namely Electrical Engineering and Computer Science, Applied Chemistry, Civil Engineering, and Mechanical Engineering. Each program is associated with a different department as is shown below. Only a limited number of students will be admitted to each program.

Note that you can only apply for one undergraduate program for the October 2027 admission.

| School      | Departments                                 | Programs Offered for Admission              |
|-------------|---------------------------------------------|---------------------------------------------|
| Engineering | Electrical Engineering and Computer Science | Electrical Engineering and Computer Science |
|             | Applied Chemistry                           | Applied Chemistry                           |
|             | Mechanical Engineering                      | Mechanical Engineering                      |
|             | Civil Engineering                           | Civil Engineering                           |

### 2. Admission Policy

The School of Engineering aims to nurture talented people equipped with knowledge of basic sciences (including physics and chemistry), the theory and practice of engineering, and a capacity to appreciate and explain a broad range of issues. The school also strives to enable the students to cultivate their knowledge and sense of ethics, always bearing in mind the importance of the “sustainable development of human civilization.” Moreover, the School strives to foster professionals with a global perspective and a sense of commitment to the improvement of industrial and scientific technologies.

To this end, the International Undergraduate Program invites applicants who:

- Have a deep interest in any of the following fields:
  - Electrical Engineering, Electronics, Communication Engineering, and Computer Science and Engineering (Electrical Engineering and Computer Science)
  - Materials Science and Engineering (Applied Chemistry)
  - Mechanical Engineering (Mechanical Engineering)
  - Infrastructure Design, Construction and Maintenance, Urban Planning, and Environmental Engineering (Civil Engineering)
- Are highly motivated to achieve excellence in the aforementioned fields, and want to contribute to their home country and establish themselves in a global society through the systematic study of academic subjects that have been the cornerstones of Japan’s technological development.
- Have a strong sense of responsibility to contribute to the “sustainable development of human civilization” from a global perspective, and want to cultivate inter-culturally sensitive minds.
- Want to improve their foreign language proficiency, and their cross-cultural communication skills to

establish themselves in today's global society.

### **Electrical Engineering and Computer Science**

The Program of Electrical Engineering and Computer Science strives to nurture engineers who understand the principles of electrical engineering and computer science, and are able to link organically to utilize the obtained knowledge in practical applications. In the academic program, students learn basic core knowledge in a wide range of fields of electrical and electronic engineering, electronic and communication engineering, and computer engineering.

The Program of Electrical Engineering and Computer Science invites the applicants who:

- Have keen interests in international interactions and activities with global views.
- Are willing to fulfill their own potential and capabilities.
- Increase literacy as members of society, and fulfill leading roles in a wide range of fields of electrical and electronic engineering.
- Find pleasure in discovering and solving new problems appearing in engineering.
- Want to acquire specialized knowledge and skills in electrical engineering and computer science.
- Have acquired a solid knowledge of basic mathematics, physics, and chemistry.

### **Applied Chemistry**

The Program of Applied Chemistry aspires to cultivate researchers and engineers who are capable of understanding molecular properties, controlling materials at the atomic and molecular levels and learning the ethics of their use. They should also be capable of the development of highly efficient, environmentally compatible materials, that ensure harmony with the environment, and contribute to the welfare of humankind.

The Program of Applied Chemistry invites applicants who:

- Can actively learn with self-motivation and self-initiative in order to obtain essential skills for deeper learning,
- Can find problems, set agendas for resolving them, and study by themselves to achieve their goals,
- Are well-educated and have a sense of ethics necessary for being engineers and researchers,
- Are willing to acquire the language and communication skills required for success in today's globalized society.

### **Mechanical Engineering**

The Program of Mechanical Engineering aims to nurture people with the potential to grow to become an engineer or researcher equipped with an advanced scientific knowledge regarding manufacturing technologies, so-called “Monodzukuri” in Japanese, applied to “Mechanical elements” and “Mechanical systems” etc. supporting civilization. Engineers and researchers in Mechanical Engineering also play a central role in various energy and environmental fields.

The Program of Mechanical Engineering invites applicants who:

- Have knowledge and skills that are indispensable for “Monodzukuri” through fundamental learning in high school.
- Have an ability to see things from multiple points of view and communicative ability. The appropriate attitude to acquire the practical skills, creativity and internationality.
- Have an attitude of respect for diversity and tolerance to empathize with different ideas.
- Have a motivation to improve themselves.

### **Civil Engineering**

The Program of Civil Engineering aims to foster professionals and researchers having problem-solving skills,

with global and local perspectives and practical application of fundamental knowledge. Students cover a broad range of subject areas, including the design and construction of safe and reliable infrastructure, creation of comfortable and sustainable cities, solutions for environmental issues and technologies in disaster prevention and mitigation.

The Program of Civil Engineering invites applicants who:

- Have a keen interest in infrastructure development, environment and disaster prevention for sustainable development,
- Understand fundamentals of mathematics, physics and chemistry,
- Have sufficient English proficiency and information literacy,
- Are motivated to study actively and make great effort to academic activities,
- Have communication skills and a cooperative attitude for cross-cultural understanding.

### 3. Eligibility

Applicants must meet the following two requirements (1 AND 2.1, 2.2, 2.3 OR 2.4):

1. Have a nationality other than Japanese.
2. Meet any of the following four conditions:
  - 2.1. Completed or expected to complete 12 years of schooling outside Japan by September 30, 2027<sup>(\*)1</sup> (or equivalent, as recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology).<sup>(\*)2</sup>
  - 2.2. Those who have the International Baccalaureate Diploma, the German Abitur, the French Baccalaureate, the European Baccalaureate, General Certificate of Education Advanced Level<sup>(\*)3</sup>, International Advanced Level, or who have completed or are expected to complete 12 years of primary to secondary education at an educational institution accredited by the Western Association of School and College (WASC), the Association of Christian Schools International (ACSI), Council of International Schools (CIS), New England Association of School and Colleges (NEASC), Cognia, or COBIS by September 30, 2027.
  - 2.3. Those who have completed or are expected to complete a course at designated international school or a foreign educational institute by September 30, 2027 that offers its curriculum in Japan and that is recognized as an equivalent to a high school of the foreign country or region under their educational system by the Japanese Minister of Education, Culture, Sports, Science and Technology.
  - 2.4. Aged 18 or over as of September 30, 2027 who are recognized, by the University's *ad hoc* pre-qualification screening, as having an academic level equivalent to or superior to those who have completed 12 years of schooling.<sup>(\*)4</sup>

\*1: You are eligible to apply if you completed your school education outside Japan in less than the standard number of years, due to grade skipping and/or early graduation, but the standard duration of schooling as legally stipulated in your country is 12 years or longer. Please direct any inquiries to the Admission Division of the Student Affairs Department at Kyushu University.

\*2: Those recognized as having completed or being expected to complete a course equivalent to 12 years of schooling by the Japanese Minister of Education, Culture, Sports, Science and Technology are the following:

- (1) Those aged 18 or over as of September 30, 2027 who have passed a qualification test to determine whether they have academic ability equivalent, or superior, to those who have completed a 12-year school education course in a foreign country or region.
- (2) Those who have received education in a country or region where its elementary and secondary education is completed in less than 12 years, and also have completed or are expected to complete a Japanese preparatory course recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology by September 30, 2027.
- (3) Those who have completed or are expected to complete a course that is recognized by the Japanese Minister of Education, Culture, Sports, Science and Technology at an educational institute outside Japan which is equivalent to a high school by September 30, 2027. (Only applies to those who have completed an 11\*\* or more years of school education course in his/her residing country and meet the requirements set by the Japanese Minister of Education, Culture, Sports, Science and Technology.)

<https://www.mext.go.jp/en/policy/education/highered/title02/detail02/sdetail02/1395423.html>

\*3: For details including the subjects and the grades, please contact the Admission Division of the Student Affairs Department at Kyushu University.

\*4: For details, see page 19 "Ad Hoc Pre-qualification Screening."

All applicants must take a standardized test that we designate on the application instructions. Refer to 4.6. No application is accepted without the score report of a standardized test.

If you are unable to submit a test score certificate showing the subjects taken and scores by the submission deadline, we will be unable to accept your application.

## 4. Application Procedure \*All times listed are Japan Time

### 4.1. Application Period

You can only apply for one undergraduate program at Kyushu University for the admission October 2027.

It indicates that you are NOT able to apply to other International Undergraduate Programs, ("Interdisciplinary Science and Innovation" / "Bioresource and Bioenvironment") in case of choosing Engineering.

|--------------------|----------------------------------------|
| Application Period | December 7 – December 17, 2026, 5 p.m. |
|--------------------|----------------------------------------|

Please visit the following page to access Kyushu University online application system to take the first step for application.

<https://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>

You can access the online application system from 10 a.m., December 7, 2026, until 5 p.m. December 11.

After completing the online application registration as well as the Application Form (downloaded from our website), send the Application Form along with other necessary documents. The application documents **must be received** by the Admission Division of the Student Affairs Department at Kyushu University by 5 p.m., December 17, 2026. Please allow enough time for delivery. No application received outside this period will be considered under any circumstances.

### 4.2. Application Fee

| Applicants      | Those who have a foreign nationality only    | Those who have Japanese nationality* |
|-----------------|----------------------------------------------|--------------------------------------|
| Application Fee | 10,000 JPY                                   | 17,000 JPY                           |
| Payment Period  | December 7, 2026 – December 11, 2026, 5 p.m. |                                      |

\* "Those who have Japanese nationality" indicates the person who has dual nationality including Japanese nationality.

The application fee must be paid after registering your application online by credit card, at a convenience store (only in Japan), through ATM (only in Japan), through internet banking (only in Japan) or a bank transfer. All necessary fees to make the payment must be borne by the remitter. Applications will not be accepted until the proof of payment has been received. Please make sure to complete the payment before posting the application documents.

#### Payment by Bank Transfer

Any costs required for bank remittances (fees, shortfalls in the remittance amount due to exchange rate fluctuations, etc.) are the responsibility of the remitter.

Since remittance fees vary from bank to bank, please check with your bank for the amount including necessary fees.

When using the payment slip, please write "Application Fee" in the "Purpose of Remittance" column and your name, nationality, and the alphabet code of your department, "TE" in the "Recipient" column.

| SWIFT Code     | SMBC JP JT                          |

Note: Once your application is accepted, the application fee will not be refunded. In case you do not send your application documents or your application is not accepted for any reason after you have paid your application fee, the full application fee will be refunded upon your request. For those who have Japanese nationality, if you fail to pass the preliminary screening, 13,000 JPY will be refunded upon your request. If you have foreign nationality only, you are not qualified to be refunded when failing to pass the preliminary screening.

### 4.3. Application Documents

All application forms and documents should be completed in English. **If the documents are in a language other than English or Japanese, be sure to attach a Japanese or English translation. The translation must be certified by the Japanese Embassy or an educational institute such as your high school.**

We recommend that you submit certified true copies issued by the school you attend or a notary office. You might be required to submit the original documents when necessary. Application materials that have been received will not be returned for any reason. If you have only one copy and for some reason cannot submit the original one, submit a certified true copy verified by the school principal/head of the institution or a notary office.

No uncertified photocopies will be accepted. (Except for your passport)

In case you send some documents separately, such as test scores or certificates from your school, check the applicable items or fill out the names of documents on the last page of your application form.

Fill out the registration number you acquired through the online application system on the upper right of all your application documents. (e.g. TG●●●●) If your school sends some documents directly to us, be sure to provide your registration number and have them write it on the envelope.

### 4.4. Send Application Form and Documents via Registered Mail

Send all the necessary application documents listed on the table of “Required Documents” to the mailing address below via a registered courier service such as DHL, FedEx, OCS or EMS to reach us by 5 p.m., December 17, 2026. Note that this deadline also applies in case you arrange for your test score to be sent directly to Kyushu University from the testing institute. If your results reach us before the application period opens, we will keep them and add them to your application documents on our side.

- If any of the application documents are insufficient, the application will not be accepted.
- Once we accept your application, you can no longer change the program you applied for under any circumstances.
- Do not staple any application documents when mailing them.

If you have any question after completing online registration, please email us with the following items.

- Subject: Inquiries regarding October 2027 admission
- Your registration number (TG ●●●●), and your full name

After your application documents reach us, we will contact you by email only if they are incomplete. Be sure to check your email and its spam folder regularly. (\*Please track the documents yourself in order to confirm their arrival.)

## 4.5. English Proficiency Test Scores or other Proof

All applicants are required to submit TOEFL, IELTS or Proof of a period in which study was conducted in English.

- TOEFL (Test of English as a Foreign Language)
  - Please make sure to take the test and arrange for your score to be sent directly to Kyushu University at least one week before the application period begins, and input your TOEFL Appointment Number when completing Kyushu University's online application.
  - The minimum score requirement for the application is as follows:  
TOEFL iBT : the minimum overall score is 4.0. For detailed information on TOEFL, visit the test's official website at <https://www.ets.org/toefl>
- IELTS (International English Language Testing System)
  - If you input your IELTS Test Report Form (TRF) Number when completing Kyushu University's online application, you are not required to submit the official score report.
  - The minimum overall band requirement for the application is as follows: 6.5
  - One Skill Retake is not accepted.
  - For detailed information on IELTS, visit the test's official website at <https://www.ielts.org/>
- Proof of a period during which the study was conducted in English
  - You will be exempted from submitting a score report of TOEFL/IELTS if you (will) have had education in English for 4 years or longer during your secondary education. In this case, please submit an official document that proves the above.
  - You may use the format available for download on our website.
  - The application will be withdrawn if the submitted document is found to be insufficient due to lack of information, or if the stated period of education in English is shorter than 4 years.

## 4.6. Score Report of Standardized Tests

All applicants are required to submit one of the standardized test official scores as specified by the program they are applying to.

\*Please refrain from submitting additional documents which are not listed as required documents. In regards to the awards/honors you have received, you may provide the information, filling them out on the application form.

## 5. Screening Process **\*All times listed are Japan Time**

The University’s evaluation process consists of two screenings – preliminary and secondary.

### 5.1. Preliminary Screening

The preliminary screening is done based on a comprehensive evaluation of the submitted documents. The result of the first screening qualifiers will be posted at the following URL with Application ID Number, not your registration number.

<https://www.kyushu-u.ac.jp/en/admission/faculty/foreign/foreign10/>.

#### **【Application ID number】**

Before confirming the result, please check your application ID number through online application system with your on-line registration number, security code, and date of birth between February 1 and March 31.

|                   |                            |
|-------------------|----------------------------|
| Announcement Date | February 15, 2027, 11 a.m. |
|-------------------|----------------------------|

### 5.2. Secondary Screening

The applicants who have successfully passed the preliminary screening will proceed to the secondary screening, which consists of a comprehensive evaluation of submitted documents and an interview. Academic questions related to the program for which the applicant has applied will be asked during the interview.

The interview will be conducted online using the Zoom meeting system. Tentative schedule for the interview is as follows. More details will be provided to the applicants who have passed the preliminary screening by email.

Tentative schedule for the interview: One of the days between February 24, 2027 and March 4, 2027.

\*The following are some examples of actions that applicants should not do during the interview. If you have committed such an act, you will be ordered to stop the examination on the spot and will not be allowed to take any further examinations. All grades you have taken on this exam will be invalidated. In this case, the application fee already paid will not be refunded.

- Wrongdoing such as using a phony test-taker or other forms of cheating.
- Revealing the contents of the screening to anyone, such as by posts on the internet, SNS etc.
- Recording of the interview by the examinee or other party.

In addition, if any misconduct is discovered after you have passed the examination, your admission will be cancelled. In such cases, the application fee, enrollment fee, and tuition fee will not be refunded. If it is determined that the misconduct seriously interfered with the operation of our admissions, we may file a damage report with the police.

## 6. Applicants with Disabilities

The University provides consultation for applicants with disabilities who may require special arrangements during the secondary screening or in classes after enrollment. Please contact the Admission Division prior to the application process as soon as possible, as it sometimes takes extra time to decide on the arrangements depending on the situation. (Consultation Deadline: October 1, 2026)

| Enrollment Procedure Deadline | March 31, 2027                     |

Notes:

- The enrollment fee will not be refunded under any circumstances.
- The amount of the enrollment fee is subject to change. Details will be provided with the admission announcement.

- We have an enrollment fee payment deferment system. If you have difficulties paying it during the above period, please contact us.

## 9. Financial Aid and Other Benefits

Note: The terms of the scholarship and other aids are subject to change without prior notice.

Under the Japanese immigration law, Japanese nationals, including dual/multiple nationality holders, will have to enter Japan with their Japanese passport. Therefore, you will be considered and treated as Japanese although you have admitted through the admission for international students. Besides, please note that you will not be eligible for things that require having a student visa, including some scholarships and tuition/insurance exemption for international students who have a student visa, etc.

### 9.1. Exemption of Half Tuition

You are entitled to receive an exemption of half tuition for the first year (two semesters) if you hold a foreign nationality only and meet ALL of the following four conditions:

1. You do not have a Japanese nationality.
2. You have acquired a qualification to apply for Kyushu University outside Japan.
3. You reside outside Japan at the time of application.
4. You will obtain a new student visa and enter Japan to study at Kyushu University.

| Tuition                    | Original Amount | After Exemption |
|----------------------------|-----------------|-----------------|
| 1st year<br>(per semester) | 267,900 JPY     | 133,950 JPY     |

### 9.2. JAPANESE GOVERNMENT (MEXT) SCHOLARSHIP

※If our new proposal to receive MEXT Scholarship is approved by the Japanese Government, a MEXT Scholarship will be granted to selected successful applicants.

(a) Eligibility: Successful applicants with outstanding screening results are eligible to apply.

(b) Duration, amount of monthly allowance and other benefits:

- Four years with 117,000 JPY per month
- Exemption of the enrollment fee and the tuition fee (for four years)
- Airline tickets are provided for you to come to Japan for enrollment and to go back to your country after graduation.

(c) Kyushu University will select several of the successful applicants and recommend them to the MEXT after contacting them individually.

### 9.3. Kyushu University International Undergraduate Scholarship

Up to ten successful applicants in our undergraduate programs for the October admission (excluding MEXT Scholarship recipients) may receive this scholarship. From the second year on, a maximum of ten students with a GPA of 3.0 or higher from the previous year will receive this scholarship.

(a) Eligibility: You may apply if you hold a foreign nationality only and meet ALL of the following three

conditions:

1. You have acquired a qualification to apply for Kyushu University outside Japan.
2. You reside outside Japan at the time of application.
3. You will obtain a new student visa and enter Japan to study at Kyushu University.

(b) Amount of monthly allowance: 60,000 JPY per month

(c) How to apply: Fill out the section for scholarship application on the application form.

#### 9.4. Monbukagakusho Honors Scholarship for Privately Financed International Students

Some successful applicants in our undergraduate programs for the October admission (excluding MEXT Scholarship recipients) may receive this scholarship.

(a) Eligibility: Successful applicants who reside outside of Japan

(b) Amount of monthly allowance: 48,000 JPY per month for 6 months

(c) How to apply: No application required. Kyushu University will recommend students with excellent examination results after enrollment.

#### 9.5. Dormitory

All successful applicants will be guaranteed a room in a university dormitory for one year. However, the period of stay may change depending on the circumstances. The students themselves will be responsible for the rent (around 20,000 JPY per month). Due to the limited number of rooms, room types, and dormitories, your first choice may not always be accepted as requested.

\*However, students who currently reside within/around Fukuoka City, are NOT eligible to apply for the dormitories.
