Chapter I General Provisions

(Purpose)
Article 1 These Regulations provide for the duration of study, curriculum, admission, withdrawal, graduation, and other matters necessary for schooling of students of undergraduate schools, in accordance with the provisions of Article 3, paragraph (4) of the Regulations of Kyushu University (Kyushu University Regulation No. 1 of 2004).

(Duration of study)
Article 2 (1) The duration of study is four years.
(2) Notwithstanding the provisions of the preceding paragraph, the duration of study of the Department of Medicine of the School of Medicine, the School of Dentistry, and the Department of Clinical Pharmacy of the School of Pharmaceutical Sciences is six years.
(3) Where a person who has earned a certain number of credits as a credited auditor of Kyushu University (hereinafter referred to as the "University") is admitted to the University, if the person is deemed to have completed part of the curriculum by earning said credits, a reasonable period of time corresponding to the number of credits earned, not exceeding one-half of the duration of study, may be included in the duration of study as a completed part thereof.
(4) The inclusion in the duration of study referred to in the preceding paragraph is determined by the dean of each undergraduate school following discussion at the Faculty Council of the undergraduate school.

(Maximum Period of Enrollment)
Article 3 (1) The maximum period of enrollment is eight years.
(2) Notwithstanding the provisions of the preceding paragraph, the maximum period of enrollment of the Department of Medicine of the School of Medicine, the School of Dentistry, and the Department of Clinical Pharmacy of the School of Pharmaceutical Sciences is 12 years.

(Quota)
Article 4 The student quota of each undergraduate school and of each department is as specified in the appended table.
(Academic Year and Academic Term)
Article 5 (1) An academic year begins on April 1 and ends on March 31 of the following year.
(2) The setting of academic terms is provided for by the regulations of each undergraduate school.
(3) Each semester prescribed in the preceding paragraph may be divided into two course periods.

(University Holidays)
Article 6 (1) University holidays (days on which no class is held) are as follows:
   Saturdays and Sundays;
   Holidays prescribed in the Act on National Holidays (Act No. 178 of 1948);
   University Memorial Day: May 11;
   Each holiday in Spring, Summer and Winter provided for separately.
(2) Special university holidays are determined when necessary.
(3) Classes may be held on university holidays referred to in the preceding two paragraphs if this is particularly necessary.

Chapter II Admission, Readmission, Transfer to Another Undergraduate School, Transfer to the University, and Mid-course Entry Admission

(Time of Admission)
Article 7 Admission of students is scheduled at the beginning of each academic year; provided, however, that students may be admitted at the beginning of an academic term if it is found to be particularly necessary and not detrimental to education.

(Qualification for Admission)
Article 8 (1) A person who qualifies for admission to the University is one who falls under any of the following items:
(i) a person who has graduated from an upper secondary school or a secondary school;
(ii) a person who has completed 12 years of school education through a regular program or a person who has completed school education equivalent thereto through any other program;
(iii) a person who has completed a 12-year program of foreign school education or a person equivalent thereto as designated by the Minister of Education, Culture, Sports, Science and Technology;
(iv) a person who has completed a program at an overseas educational institution that is certified by the Minister of Education, Culture, Sports, Science and Technology as providing programs that are equal to those of an upper secondary school;
(v) a person who has completed an upper secondary course at a specialized training college (limited to a program that requires a three year or more duration of study and meets other standards specified by the Minister of Education, Culture, Sports, Science and Technology) as designated by the Minister of Education, Culture, Sports, Science and Technology, on or after the day specified by the Minister of Education, Culture, Sports, Science and Technology;
(vi) a person designated by the Minister of Education, Culture, Sports, Science and Technology;
(vii) a person who has passed an upper secondary school equivalency examination under the Ordinance on the Upper Secondary School Equivalency Examination (Ordinance of the Ministry of Education, Culture, Sports, Science and Technology No. 1 of 2005) (including a person who has passed a university entrance qualification examination under the Ordinance on the University Entrance Qualification Examination prior to being repealed under the provisions of Article 2 of the Supplementary Provisions of the Ordinance on the Upper Secondary School Equivalency Examination (Ordinance of the Ministry of Education No. 13 of 1951; this Ordinance is hereinafter referred to as the "Former Ordinance" in this Article, and the examination under the Former Ordinance is hereinafter referred to as the "Former Examination" in this Article));
(viii) a person who has been admitted to a university pursuant to the provisions of Article 90, paragraph (2) of the School Education Act (Act No. 26 of 1947) and who has been recognized by the University as
having appropriate scholastic aptitude for receiving education at the University; or
(ix) a person who has been recognized by the University, as a result of a separate screening process for
entrance qualification, as having scholastic aptitude that is equal to or greater than that of an upper
secondary school graduate and who has attained the age of 18.

(2) Notwithstanding the provisions of the preceding paragraph, a person who falls under any of the
following items and who is recognized as being outstandingly excellent in any of the fields designated by
the University may be admitted to the University:
(i) a person who has been enrolled in an upper secondary school for two years or more;
(ii) a person who has been enrolled in an upper division of a secondary school, a college of technology, or
an upper secondary department of a school for special needs education for two years or more;
(iii) a person who has been enrolled in a school education program for two years or more following a
nine-year program of foreign school education;
(iv) a person who has been enrolled for two years or more in a program at an overseas educational
institution that is certified by the Minister of Education, Culture, Sports, Science and Technology as
providing programs that are equivalent to those of an upper secondary school (including such institution
designated as providing programs that are equivalent to those of an upper secondary school);
(v) a person who has been enrolled in an upper secondary course at a specialized training college prescribed
in item (v) of the preceding paragraph for two years or more as of the day specified by the Minister of
Education, Culture, Sports, Science and Technology as prescribed in the same item or thereafter;
(vi) a person designated by the Minister of Education, Culture, Sports, Science and Technology; or
(vii) a person who has achieved a passing score for all subjects of examination prescribed in Article 4 of the
Ordinance on the Upper Secondary School Equivalency Examination (excluding subjects for which the
person has been exempt from taking the examination) (including a person who has achieved a passing score
for all subjects of the examination prescribed in Article 4 of the Former Ordinance (in the case of a person
who has been partially exempt from taking the Former Examination, excluding those subjects from which
the person has been exempt)), and who has attained the age of 17.

(Application for Admission)
Article 9 A person who applies for admission must file an application by submitting an application form
with a required application fee and other documents specified separately, by a predetermined deadline.

(Entrance Examination)
Article 10 An entrance examination is held for applicants for admission referred to in the preceding Article.

(Admission Procedure and Grant of Admission)
Article 10-2 The President grants admission to persons who have passed the entrance examination as
referred to in the preceding Article and who have paid the admission fee (or have filed an application for
exemption from payment in full or in part or postponement of collection of the admission fee in the case of
those who seek such exemption or postponement) and submitted required documents by a predetermined
deadline.

(Readmission)
Article 11 A person who applies for admission to the same undergraduate school from which the person has
withdrawn pursuant to the provisions of Article 26 may be readmitted to said undergraduate school through
the selection process.

(Transfer to the University and Mid-course Entry Admission)
Article 12 A person who falls under any of the following items may be granted permission for transfer to
the University or mid-course entry admission through the selection process:
(i) a student of another university who applies for transfer to the University;
(ii) a person who has been enrolled in a program in Japan at an educational institution recognized under the
school education system of a foreign country as providing university programs in the foreign country and designated separately by the Minister of Education, Culture, Sports, Science and Technology (limited to a person prescribed in Article 90, paragraph (1) of the School Education Act), and who applies for transfer to the University;
(iii) a person who has earned credits at a university (excluding credits earned as a credited auditor) and who applies for mid-course entry admission;
(iv) a person who has graduated from a university or has been conferred a bachelor's degree under the provisions of Article 104, paragraph (4) of the School Education Act and who applies for mid-course entry admission;
(v) a person who has graduated from a junior college or college of technology and who applies for mid-course entry admission;
(vi) a person who has graduated from a junior college in a foreign country and a person who has completed a program in Japan at an educational institution recognized under the school education system of a foreign country as providing junior college programs in the foreign country and designated separately by the Minister of Education, Culture, Sports, Science and Technology (limited to a person prescribed in Article 90, paragraph (1) of the School Education Act), where either of such persons applies for mid-course entry admission;
(vii) a person who has completed a specialized program at a specialized training college (limited to a program that requires a two year or more duration of study and meets other standards specified by the Minister of Education, Culture, Sports, Science and Technology) (limited to a person prescribed in Article 90, paragraph (1) of the School Education Act), and who applies for mid-course entry admission; or
(viii) a person who has completed an advanced program of an upper secondary school (limited to a program that requires a two year or more duration of study and meets other standards specified by the Minister of Education, Culture, Sports, Science and Technology) (limited to a person prescribed in Article 90, paragraph (1) of the School Education Act), and who applies for mid-course entry admission.

(Transfer to Another Undergraduate School)
Article 12-2 The dean of an undergraduate school may permit a student of the University who applies for transfer to another undergraduate school to transfer to another undergraduate school through the selection process, following discussion at the Faculty Council of the undergraduate school.

(Procedures and Permission for Readmission, Transfer to the University, and Mid-course Entry Admission)
Article 13 The provisions of Article 10-2 apply mutatis mutandis to the procedures and permission for readmission, transfer to the University, and mid-course entry admission prescribed in Articles 11 and 12.

(Treatment of Duration of Study in Case of Readmission)
Article 14 (1) The duration of study and the approval of earned credits with regard to persons who have been granted permission for readmission, transfer to another undergraduate school, transfer to the University or mid-course entry admission pursuant to the provisions of Articles 11 to 12-2 (hereinafter referred to as "readmission, etc.") are determined separately by the dean of each undergraduate school following discussion at the Faculty Council of the undergraduate school.
(2) The maximum period of enrollment for persons whose duration of study is determined pursuant to the provisions of the preceding paragraph is twice the length of the duration of study thus determined.

Chapter III Curriculum and Recognition of Graduation

(Curriculum)
Article 15 (1) The curriculum of each undergraduate school consists of KIKAN education courses and major courses.
(2) The completion of KIKAN education courses referred to in the preceding paragraph is provided for separately.
(3) The curriculum referred to in paragraph (1) and the recognition of graduation are provided for by the regulations of each undergraduate school.

(21st Century Program)
Article 16 (1) Each undergraduate school (excluding the Department of Medicine of the School of Medicine, the School of Dentistry, and the Department of Clinical Pharmacy of the School of Pharmaceutical Sciences) has in place the 21st Century Program of Kyushu University as a curriculum for providing interdisciplinary education covering all undergraduate schools.

(2) Notwithstanding the provisions of paragraph (3) of the preceding Article, the 21st Century Program of Kyushu University and the recognition of graduation of students who receive education under this program are provided for by the Regulations for the 21st Century Program of Kyushu University (Kyushu University Regulation No. 89 of 2004).

(Challenge 21)
Article 16-2 (1) The University has in place an educational program open to all undergraduate schools, in addition to the curriculum organized by each undergraduate school.

(2) The educational program referred to in the preceding paragraph is called Challenge 21, and the necessary matters concerning this program are provided for separately.

(Class Methods)
Article 16-3 (1) Classes are conducted by any one of the methods of lectures, seminars, experiments, practical training, or skills practice or a combination thereof.

(2) Each undergraduate school may have its students take classes referred to in the preceding paragraph at places other than a classroom where said classes are conducted, using various types of media in an advanced manner, as determined by the Minister of Education, Culture, Sports, Science and Technology.

(3) Each undergraduate school may have its students take classes referred to in paragraph (1) in foreign countries. The same applies where an undergraduate school has its students take classes at places other than a classroom where said classes are conducted, using various types of media in an advanced manner pursuant to the provisions of paragraph (2).

(Method of Calculation of Credits)
Article 17 (1) With regard to the number of credits awarded for each course (excluding KIKAN education courses), a standard one-credit course consists of content that requires 45 hours of learning, and the number of credits is calculated according to the following standards depending on the class method, while taking into consideration matters such as the educational effects of the class and learning required outside class hours:

(i) regarding lectures and seminars, one credit is awarded for a number of hours of class determined by the regulations of each undergraduate school between 15 hours and 30 hours;

(ii) regarding experiments, practical training, and skills practice, one credit is awarded for a number of hours of class determined by the regulations of each undergraduate school between 30 hours and 45 hours; provided, however, that regarding skills-practice class by tutoring in the artistic fields, etc., one credit may be awarded for a number of hours of class determined by the regulations of the relevant undergraduate school; and

(iii) when two or more class methods among lectures, seminars, experiments, practical training, and skills practice are used for one course, one credit is awarded for a number of hours of class determined by the regulations of the relevant undergraduate school while taking into consideration the standards prescribed in the preceding two items, in accordance with the combination of such methods.

(2) Notwithstanding the provisions of the preceding paragraph, when it is found to be appropriate to award credits by assessing learning outcomes in courses such as graduation theses, graduation research, and graduation products, the number of credits may be determined while taking into consideration the learning, etc. necessary for completing these courses.
(3) The method of calculation of the number of credits awarded for each of KIKAN education courses is provided for separately.

(Revealing of Academic Assessment Standards)
Article 17-2 (1) The dean of each undergraduate school is to present a clear outline of the class method and content of each course as well as the class schedule for the year to its students in advance.
(2) In assessing learning outcomes and recognizing graduation, the dean of each undergraduate school is to present a clear outline of the standards therefor to its students in advance and conduct an assessment and recognition process appropriately according to such standards in order to ensure objectivity and accuracy.

(Academic Assessment)
Article 17-3 (1) Academic achievement of students in courses they have taken is assessed by an examination; provided, however, that their daily performance may replace their results in the examination.
(2) Academic achievement in each course is indicated by five types of grades, A, B, C, D, and F, among which A, B, C, and D are passing grades and F is a failing grade:
   A: Excellent far beyond the standard;
   B: Excellent beyond the standard;
   C: Attains the desired level;
   D: Attains at least the minimum required level for awarding a credit;
   F: Far below the standard.
(3) Notwithstanding the provisions of the preceding paragraph, academic achievement in courses assessed depending on whether to pass or fail in seminars, experiments, practical training, etc. may be indicated by grade R or F, of which R is a passing grade.
(4) Beyond what is provided for in the preceding three paragraphs, the necessary matters concerning academic assessment are provided for separately.

(Organized Training for Improving Educational Contents)
Article 17-4 The dean of each undergraduate school is to conduct organized training and research for improving the class methods and content at the undergraduate school.

(Courses Taken at Other Universities or Junior Colleges)
Article 18 (1) The dean of each undergraduate school may, when it is found to be beneficial for education, regard credits that a student has earned by completing courses at other universities or junior colleges as credits earned by completing courses at the undergraduate school.
(2) The provisions of the preceding paragraph apply mutatis mutandis where a student studies at a foreign university or junior college, where a student takes courses in Japan conducted by a foreign university or a junior college as correspondence courses, and where a student takes courses in Japan in a curriculum provided by an educational institution recognized under the school education system of a foreign country as providing university or junior college curricula in the foreign country and designated separately by the Minister of Education, Culture, Sports, Science and Technology.

(Courses Taken at Foreign Universities or Junior Colleges during Leave of Absence)
Article 19 The dean of each undergraduate school may, when it is found to be beneficial for education, regard credits that a student has earned by taking courses at foreign universities or junior colleges while on a leave of absence as credits earned by taking courses at the University.

(Learning at Educational Institutions Other than Universities)
Article 20 The dean of each undergraduate school may, when it is found to be beneficial for education, regard a student's learning at a junior college or at an advanced program of a college of technology or other learning specified by the Minister of Education, Culture, Sports, Science and Technology as the student's taking of courses at the University and may award credits to the student as determined by the dean of
undergraduate school following discussion at the Faculty Council of the undergraduate school.

(Approval of Credits Earned Before Admission)
Article 21 (1) The dean of each undergraduate school may, when it is found to be beneficial for education, regard credits that a student has earned by taking courses at other universities or junior colleges before being admitted to the University (including credits earned by the student as a credited auditor pursuant to the provisions of Article 31 of the Standards for Establishment of Universities (Ordinance of the Ministry of Education No. 28 of 1956)) as credits that the student has earned by taking courses at the University after being admitted to the University. The same applies to the credits earned by taking courses at foreign universities or junior colleges.

(2) The dean of each undergraduate school may, when it is found to be beneficial for education, regard a student's learning before being admitted to the University prescribed in the preceding Article as the student's taking of courses at the University and may award credits to the student as determined by the dean of undergraduate school following discussion at the Faculty Council of the undergraduate school.

(Maximum Number of Credits That May Be Regarded as Credits Earned at the University or May Be Awarded by the University)
Article 22 The number of credits that may be regarded as credits earned at the University or may be awarded by the University pursuant to the provisions of Article 18 to the preceding Article does not exceed 60 credits in total, except in the case of readmission, etc. prescribed in Articles 11 and 12. In this case, the number of credits earned before admission to the University, which may be regarded as credits earned by taking courses in KIKAN education courses prescribed in Article 15, paragraph (1) or may be awarded by the University, does not exceed 30 credits.

(Completion of Curriculum Based on Long-Term Plan)
Article 23 If a student notifies the dean of an undergraduate school of his/her desire to complete the curriculum required for graduation over a certain period of time exceeding the prescribed duration of study in a planned manner due to circumstances such as having an occupation, the dean of the undergraduate school may approve the student's plan for completion of the curriculum as determined by the dean following discussion at the Faculty Council of the undergraduate school.

(Graduation)
Article 24 (1) A student who has been enrolled in the University for the period prescribed in Article 2 and has completed courses and earned credits as required is to be qualified to be a graduate and awarded a certificate of graduation.

(2) Notwithstanding the provisions of the preceding paragraph, a student who has been enrolled in an undergraduate school of the University (excluding the Department of Medicine of the School of Medicine, the School of Dentistry, and the Department of Clinical Pharmacy of the School of Pharmaceutical Sciences) for three years or more, and has taken courses and earned credits as required with excellent academic achievement pursuant to the provisions of regulations of the undergraduate school, may be qualified to be a graduate and awarded a certificate of graduation.

(3) The number of credits, among those required for graduation under the provisions of paragraph (1), which are to be earned by the class methods prescribed in Article 16-3, paragraphs (2) and (3), does not exceed 60 credits; provided, however, that if an undergraduate school requires more than 124 credits for graduation (or 188 credits in the case of the Department of Medicine of the School of Medicine and the Department of Dentistry of the School of Dentistry, or 186 credits in the case of the Department of Clinical Pharmacy of the School of Pharmaceutical Sciences), the excessive portion of the credits required for graduation may be added to those 60 credits.

(Conferral of Degree)
Article 25 A graduate is to be conferred a bachelor's degree pursuant to the provisions of the Degree
Regulations of Kyushu University (Kyushu University Regulation No. 86 of 2004).

Chapter IV Withdrawal, Transfer to Another University, Studying Abroad, and Leave of Absence

(Withdrawal)
Article 26 A student who intends to withdraw from the University must submit an application for permission for withdrawal to the President via the dean of his/her undergraduate school, and obtain the President's permission.

(Transfer to Another University)
Article 27 A student who wishes to transfer to another university must submit an application for permission for transfer to the President via the dean of his/her undergraduate school and obtain the President's permission.

(Studying Abroad)
Article 28 (1) A student who wishes to study at a foreign university or junior college must submit an application for permission for studying abroad to the dean of his/her undergraduate school and obtain the permission of the dean of his/her undergraduate school.
(2) The period of studying abroad with the permission referred to in the preceding paragraph may be included in the duration of study referred to in Article 2 as a completed part thereof.

(Leave of Absence)
Article 29 (1) A student who is unable to study for two months or more due to illness or injury or for financial reasons may take leave of absence until the end of the academic year concerned, with the permission of the dean of his/her undergraduate school.
(2) In addition to the case referred to in the preceding paragraph, the dean of an undergraduate school may grant leave of absence if any special circumstances are found.

Article 30 The dean of an undergraduate school may order a student to take leave of absence if the student is found to be unfit for studying due to illness or injury.

Article 31 If the grounds for leave of absence cease to exist during the period of leave of absence, the student may return to study, with the permission of the dean of his/her undergraduate school.

Article 32 The period of leave of absence is not included in the period of enrollment.

Article 33 The period of leave of absence may not exceed the number of years of the duration of study prescribed in Article 2; provided, however, that the period of leave of absence in the case of a student subject to readmission, etc. pursuant to the provisions of Article 11 or Article 12 may not exceed the number of years of the duration of study prescribed in Article 14, paragraph (1).

Chapter V Awards, Expulsion and Disciplinary Action

(Awards)
Article 34 (1) The President may present awards to students who have performed acts worthy of commendation.
(2) The necessary matters concerning awards are provided for separately.

(Expulsion)
Article 35 If the President finds that a student falls under any of the following items based on the report from the dean of his/her undergraduate school, the President may expel the student:
(i) where the student has been absent for a long period of time;  
(ii) where the student is not expected to complete his/her study;  
(iii) where the student has been missing for a long period of time;  
(iv) where the student has been enrolled beyond the maximum period of enrollment prescribed in Article 3 or Article 14, paragraph (2); or  
(v) where the student is still unable to return to study after the expiration of the period of leave of absence prescribed in Article 33.

Article 36 If a student falls under any of the following items, the President expels the student:  
(i) where the student who has been granted partial exemption or has not been granted exemption from payment of an admission fee or who has been granted postponement of collection or has not been granted postponement of collection of an admission fee fails to pay the admission fee by a predetermined deadline; or  
(ii) where the student has failed to pay a tuition fee and still fails to pay it even after receiving a demand for payment.

(Disciplinary Action)  
Article 37 (1) If a student violates regulations of the University or acts contrary to a student's duty, the President takes disciplinary action against the student.  
(2) The measures to be taken as disciplinary action in the case referred to in the preceding paragraph include admonition, suspension, and removal.  
(3) The procedures for disciplinary action and other necessary matters concerning disciplinary action are provided for separately.

Chapter VI Application Fee, Admission Fee, Tuition Fee, and Dormitory Fee

(Application Fee)  
Article 38 A person who applies for admission (including readmission, transfer to the University, and mid-course entry admission; the same applies in the following Article) must pay an application fee.

(Admission Fee)  
Article 39 (1) Upon admission, an applicant must pay an admission fee.  
(2) A person who has difficulty in paying an admission fee may be granted exemption from payment in full or in part or postponement of collection of the fee.  
(3) The necessary matters concerning the exemption from payment and postponement of collection of an admission fee referred to in the preceding paragraph are provided for separately.

(Tuition Fee)  
Article 40 (1) A tuition fee for each academic year must be paid in the amount equivalent to half of the annual amount of tuition fee for each term of payment set forth in the following table, by the respective due date of payment set forth in the same table; provided, however, that this does not apply to the due date of payment in the case of a student who has applied for the exemption from payment, postponement of collection or payment by monthly installments with regard to a tuition fee for the relevant term:

<table>
<thead>
<tr>
<th>Term of payment</th>
<th>Due date of payment</th>
</tr>
</thead>
<tbody>
<tr>
<td>First term (from April 1 to September 30)</td>
<td>April 30</td>
</tr>
<tr>
<td>Second term (from October 1 to March 31)</td>
<td>October 31</td>
</tr>
</tbody>
</table>

(2) If a student's leave of absence has lasted throughout either of the terms of payment of a tuition fee
specified in the preceding paragraph, the student is exempted from payment of a tuition fee for the relevant term.

(3) Where a student is found to have difficulty in paying a tuition fee for financial reasons but is found to be academically excellent or where any other unavoidable, special circumstances are found with regard to a student, such student may be granted exemption from payment in full or in part or postponement of collection of a tuition fee, or allowed to pay the fee by monthly installments.

(4) The necessary matters concerning the exemption from payment, postponement of collection and payment by monthly installments with regard to a tuition fee referred to in the preceding paragraph are provided for separately.

(Dormitory Fee)
Article 41 (1) A student who has moved into a dormitory must pay a dormitory fee by a predetermined deadline.

(2) Notwithstanding the provisions of the preceding paragraph, a student for whom any special circumstances are found may be granted exemption from payment of a dormitory fee.

(Amount of Application Fee, Admission Fee, Tuition Fee, and Dormitory Fee)
Article 42 The amount, collection method, and other necessary matters concerning an application fee, admission fee, tuition fee, and dormitory fee are provided for by the National University Corporation Kyushu University Rules for Tuition Fees and Other Fees (Kyushu University Accounting Regulation No. 12 of 2004; hereinafter referred to as the "Rules for Fees").

Chapter VII Credited Auditors, Auditors, Special Auditors, Research Students, and Special Students
(Credited Auditors)
Article 43 (1) If a person other than a student of the University applies to take one or more courses provided by an undergraduate school, such person may be admitted as a credited auditor.

(2) The necessary matters concerning credited auditors are provided for separately.

(Auditors)
Article 44 (1) If a person applies to audit a specific course provided by an undergraduate school at the University, such person may be admitted as an auditor through the selection process, as long as this is not detrimental to education or research at the undergraduate school.

(2) The necessary matters concerning auditors are provided for separately.

(Special Auditors)
Article 45 (1) If a student of another Japanese university or a foreign university applies to take a specific course provided by an undergraduate school at the University, such person may be admitted as a special auditor based on an agreement with such other Japanese university or foreign university.

(2) The necessary matters concerning special auditors are provided for separately.

(Research Students and Special Students)
Article 46 (1) If a person applies to conduct research on a specific area of specialty at an undergraduate school, such person may be admitted as a research student or special student through the selection process, as long as this is not detrimental to education or research at the undergraduate school.

(2) The necessary matters concerning research students and special students are provided for separately.

(Tuition Fee)
Article 47 The amount, collection method, and other necessary matters concerning an application fee, admission fee, and tuition fee payable by credited auditors, auditors, special auditors, research students, and special students are provided for by the Rules for Fees.
Supplementary Provisions
(1) These Regulations come into effect as of April 1, 2004.
(2) The completion of the curriculum by the students who are enrolled in the University as of March 31, 2004, and will continue to be enrolled on April 1, 2004, and thereafter, and other matters necessary for the education of these students are governed by the provisions of the General Regulations of Kyushu University (effective date: June 1, 1949), etc.

1. The numbers in parentheses indicate the quota for students to be admitted in mid-course (in the 3rd year), not included in the total.
2. The departments in parentheses have discontinued recruiting new students because of the reorganization of schools.
3. International students may be excluded from the quota.
